A HEALTHY PREGNANCY GIVES BIRTH TO HAPPY SMILES

Anti-MV flyer

Flyer that helps to counteract the use of multivitamins. The WHO does not recommend the use of MV in pregnant women. Comparative table of MV with Folicil, Folifer and Yodafar (medicines).

Unplanned Pregnancy Profile

Fictitious clinical case of a patient with an unplanned pregnancy and the main reasons for choosing Folicil, that is, a higher dose of folic acid, in these cases.

Oral Contraceptives Profile

Fictitious clinical case of a woman taking oral contraceptives and the main reasons for choosing Folicil, that is, a higher dose of folic acid, in these cases.

Folifer Reasons Flyer

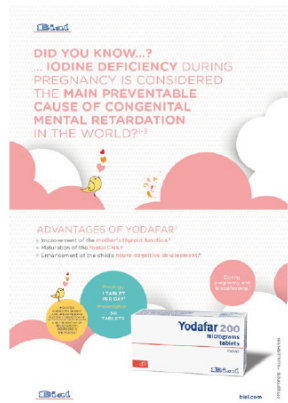

Flyer that brings together the 5 main reasons to choose Folifer: 1. It combines iron with folic acid; 2. It is a ferrous iron; 3. Ferrous sulphate is the 1st line of treatment; 4. It releases 60 mg of elemental iron; 5. Unique galenic formulation for better tolerability.
